DON'T GET CAUGHT OUT IN A BUSHFIRE

Victoria has many magnificent natural attractions to

- explore, however many of these areas are also prone to bushfire in the summer months. The Department of Sustainability & Environment and Parks Victoria
- urge visitors to parks, forests and reserves to observe a few simple precautions to ensure a safe and enjoyable trip.
- Check the weather forecast. Fire Danger is greatest when it is hot, dry and windy. Modify your activities to suit the weather conditions.
- On days of high fire danger consider attractions in less remote or isolated locations. Be aware of local fire restrictions and in particular if it has been declared a day of Total Fire Ban.
- Listen to the local ABC radio station for weather and fire information.
- Let someone know what your plans are and where you are going. If there is a fire in the area, leave using the main roads. Or if you come across fire while driving, never attempt to drive through smoke or flames but U-turn to safety. Always obey all traffic controls and road closures. For information and advice on fire restrictions, Total Fire Bans and
